ICS/81/0983
23 September 1981

MEMORANDUM FOR: DCI

FROM : Walter Elder
Executive Secretary

SUBJECT : NSCID's and DCID's: Massive Analysis Perspective

1. The attached study was prepared in 1979 in response to basic questions about the directive structure posed by the DCI.

2. Obviously it's dated and the new executive order will make it seem even more so.

3. However, I persist in my view that some of it remains valid and may even be useful. The DCID's are out of date; the series of executive orders has altered the need for NSCID's; you should retain tight control over any revision exercise; a revised directive structure can help you avoid a lot of jurisdictional squabbles in the Community.
